Enough space for everyone

Aurora is a spacious holiday home for the whole family. Special are the three bedrooms: here everyone has their own privacy. Also ideal for 6 people. The living room is very spacious and stylish, with modern furnishings. The kitchen is complete and equipped with a dishwasher.

With many advantages

The special plus point is the wonderfully sunny roof terrace. Here you can have breakfast in the sun or lie down to sunbathe. In the fresh sea air you have a wonderful view over the roofs of Katwijk aan Zee.

Nice environment

Furthermore, for enthusiastic cyclists, Aurora has a bicycle shed behind the house, where you can safely store your (electric) bicycles and possibly recharge them. It is worth exploring the area around Katwijk by bike.

The beach with its countless beach pavilions can be reached in a few minutes. The center of Katwijk aan Zee offers a variety of restaurants, cafes and shops, some of them are housed in a modern shopping center.
